

Information for GA/BA

Subject: New AIP SUP – “Airport Slot ID”

Dear Sir or Madam,

As part of the implementation of Single European Sky and in accordance with EU-Regulation 95/93 (Slot-regulation) and EU-regulation 255/2010 it is planned to process flight plan consistency checks on a European basis.

In preparation for this an “Airport Slot ID” has to be stated by the aircraft operator in field 18 of the ATC flight plan.
For details see: AIP SUP 019/13

As of February 26th, 2012, an “Airport Slot ID” will be stated on all confirmations of requested slots in the IATA GCR-message by the airport slot coordinator.

Example GCR-Message with „Airport Slot ID“:

```
GCR
/FLT
LOWW
KABC0123 08JUN 010SF3 LOWL0900 D / IDA.LOWWAABC012300 RE.OETEST/
K ABC5678 09JUN 010SF3 1200LOWL D / IDD.LOWWDABC567800 RE.OETEST/
GI SCA - Schedule Coordination Austria
```

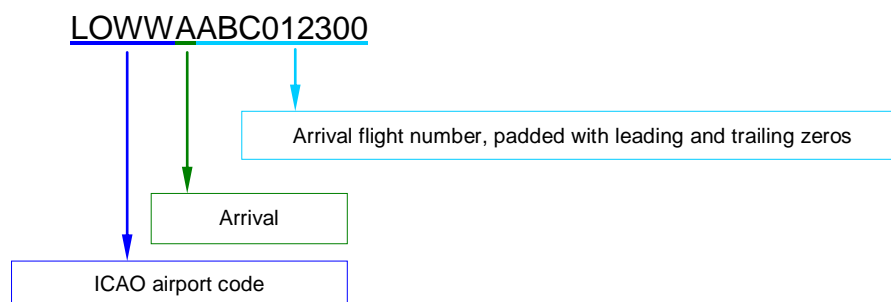

} Flight detail
line(s), with
“Airport Slot ID”

“Airport Slot ID” structure:

The “Airport Slot ID” is composed of 14 alphanumeric characters.

- 1-4: ICAO airport code
- 5: “A”...Arrival, “D”...Departure
- 6-14: Flight number given from Airport coordinator, padded with leading and trailing zeros

Example Arrival “Airport Slot ID“:

Example how Slot ID has to be filed in flight plan / field 18:

RMK/ASLLOWWAABC012300

(for details please see AIP SUP 019/13)
