

Visualization of the New Terminal

Salzburg Airport Terminal Redevelopment

Capacity Update

from Winter 2027/28 onwards

Important Information for Airlines

Salzburg Airport is preparing for a major terminal redevelopment project. During the construction period, **reduced terminal capacity** will be available, which may impact flight schedule planning **from Winter 2027/28 onwards.**

Level 2 Remains

Salzburg Airport will remain a Level 2 airport. (Schedule Facilitated)

Scheduling Impact

Capacity constraints mainly affect Saturdays; other days remain largely unaffected.

Winter 2027/28+

Capacity adjustments will take effect from Winter 2027/28 and continue in subsequent seasons.

Early Coordination

Airlines are encouraged to coordinate flight schedules early, especially for Saturdays.

For detailed schedule planning and capacity-related enquiries, please contact the team of SCA (Schedule Coordination Austria) or Salzburg Airport directly.
